The purpose of AV2.0 is to deepen transportation innovation within the region, provide a level playing field for all communities to participate, and apply relevant technology solutions to transportation challenges in situations where the market may lag.

2023-2026 Transportation Improvement Program

The Transportation Improvement Program (TIP) is a federally and State-mandated list of transportation projects with committed federal, State, and local funding within a four-year period. Staff will present an overview of the TIP development process and provide a draft list of active projects in the region.
