Regional Operations and Air Quality Funding Update

The Regional Air Quality and Management and Operations Program provides federal and regional air quality and mobility funds to programs and projects that address the region's air quality and aid in management and operations of the regional transportation system. Details of the program and the projects being proposed for funding will be presented.

Incident Management Freeway Blocking Equipment 2021 Call for Projects: Final Recommendations

The Incident Management Freeway Blocking Equipment 2021 Call for Projects made \$1M available for the purchase of blocking equipment to provide protection to first responders responding to traffic crashes. Final project recommendations will be provided for review and comment.

End of Ozone Season

North Central Texas' 2021 ozone season concludes at the end of November. Staff will present an update on current air quality standings, compare current standings against previous ozone seasons, and highlight potential implications facing the region for not meeting Federal attainment requirements.

Proposed Modifications to the List of Funded Projects

A comprehensive list of funded transportation projects through 2024 is maintained in the Transportation Improvement Program (TIP). Projects with committed funds from federal, State and local sources are included in the TIP. To maintain an accurate project listing, this document is updated on a regular basis and posted online for review and comment.

Work Program Modifications

The Unified Planning Work Program (UPWP) for regional transportation planning provides a summary of the transportation and related air quality planning tasks to be conducted by the metropolitan planning organization. Proposed modifications to the FY2022 and FY2023 UPWP will be presented.
