

North Central Texas Council of Governments Disaster Housing Recovery Annex Template Presentation

December 15, 2021

North Central Texas
Council of Governments

Disaster Housing Recovery

Agenda

- Welcome and Introductions
- Project Overview
- Review of Disaster Housing Recovery Annex Template
- Questions

Disaster Housing Recovery

Project Overview

- Information Gathering
 - Focus groups and interviews (local emergency management, local building inspections, non-profits involved with housing, VOAD members)
- Template Development/Review
 - Review with the Disaster Housing Subcommittee

Disaster Housing Recovery

Focus Groups and Interviews

- What housing programs/support does your organization provide to vulnerable communities?
- What role has your organization played in disaster recovery? What are some lessons learned through recent disasters?
- What outreach strategies have you implemented throughout the COVID-19 pandemic that you've found particularly effective in reaching under-resourced communities?
- What existing networks can be leveraged?
- With what groups, agencies, or organizations would you like to see increased coordination and collaboration?
- What type of information, tools and resources would be useful?

Disaster Housing Recovery

Objectives

- Provide disaster recovery housing after a disaster while addressing access barriers to resources and advancing equity.
- Identify critical functions and actions.
- Identify leadership roles and provide an organizational structure for coordinating disaster housing resources of government, the private sector, and nonprofits.

Instructions

- Take out your smart phone, laptop, tablet, or other internet-enabled device
- Open your browser and go to www.menti.com
- When prompted, enter the code at the top of this screen

Overall Experience and Knowledge: use the sliders to rate the following statements

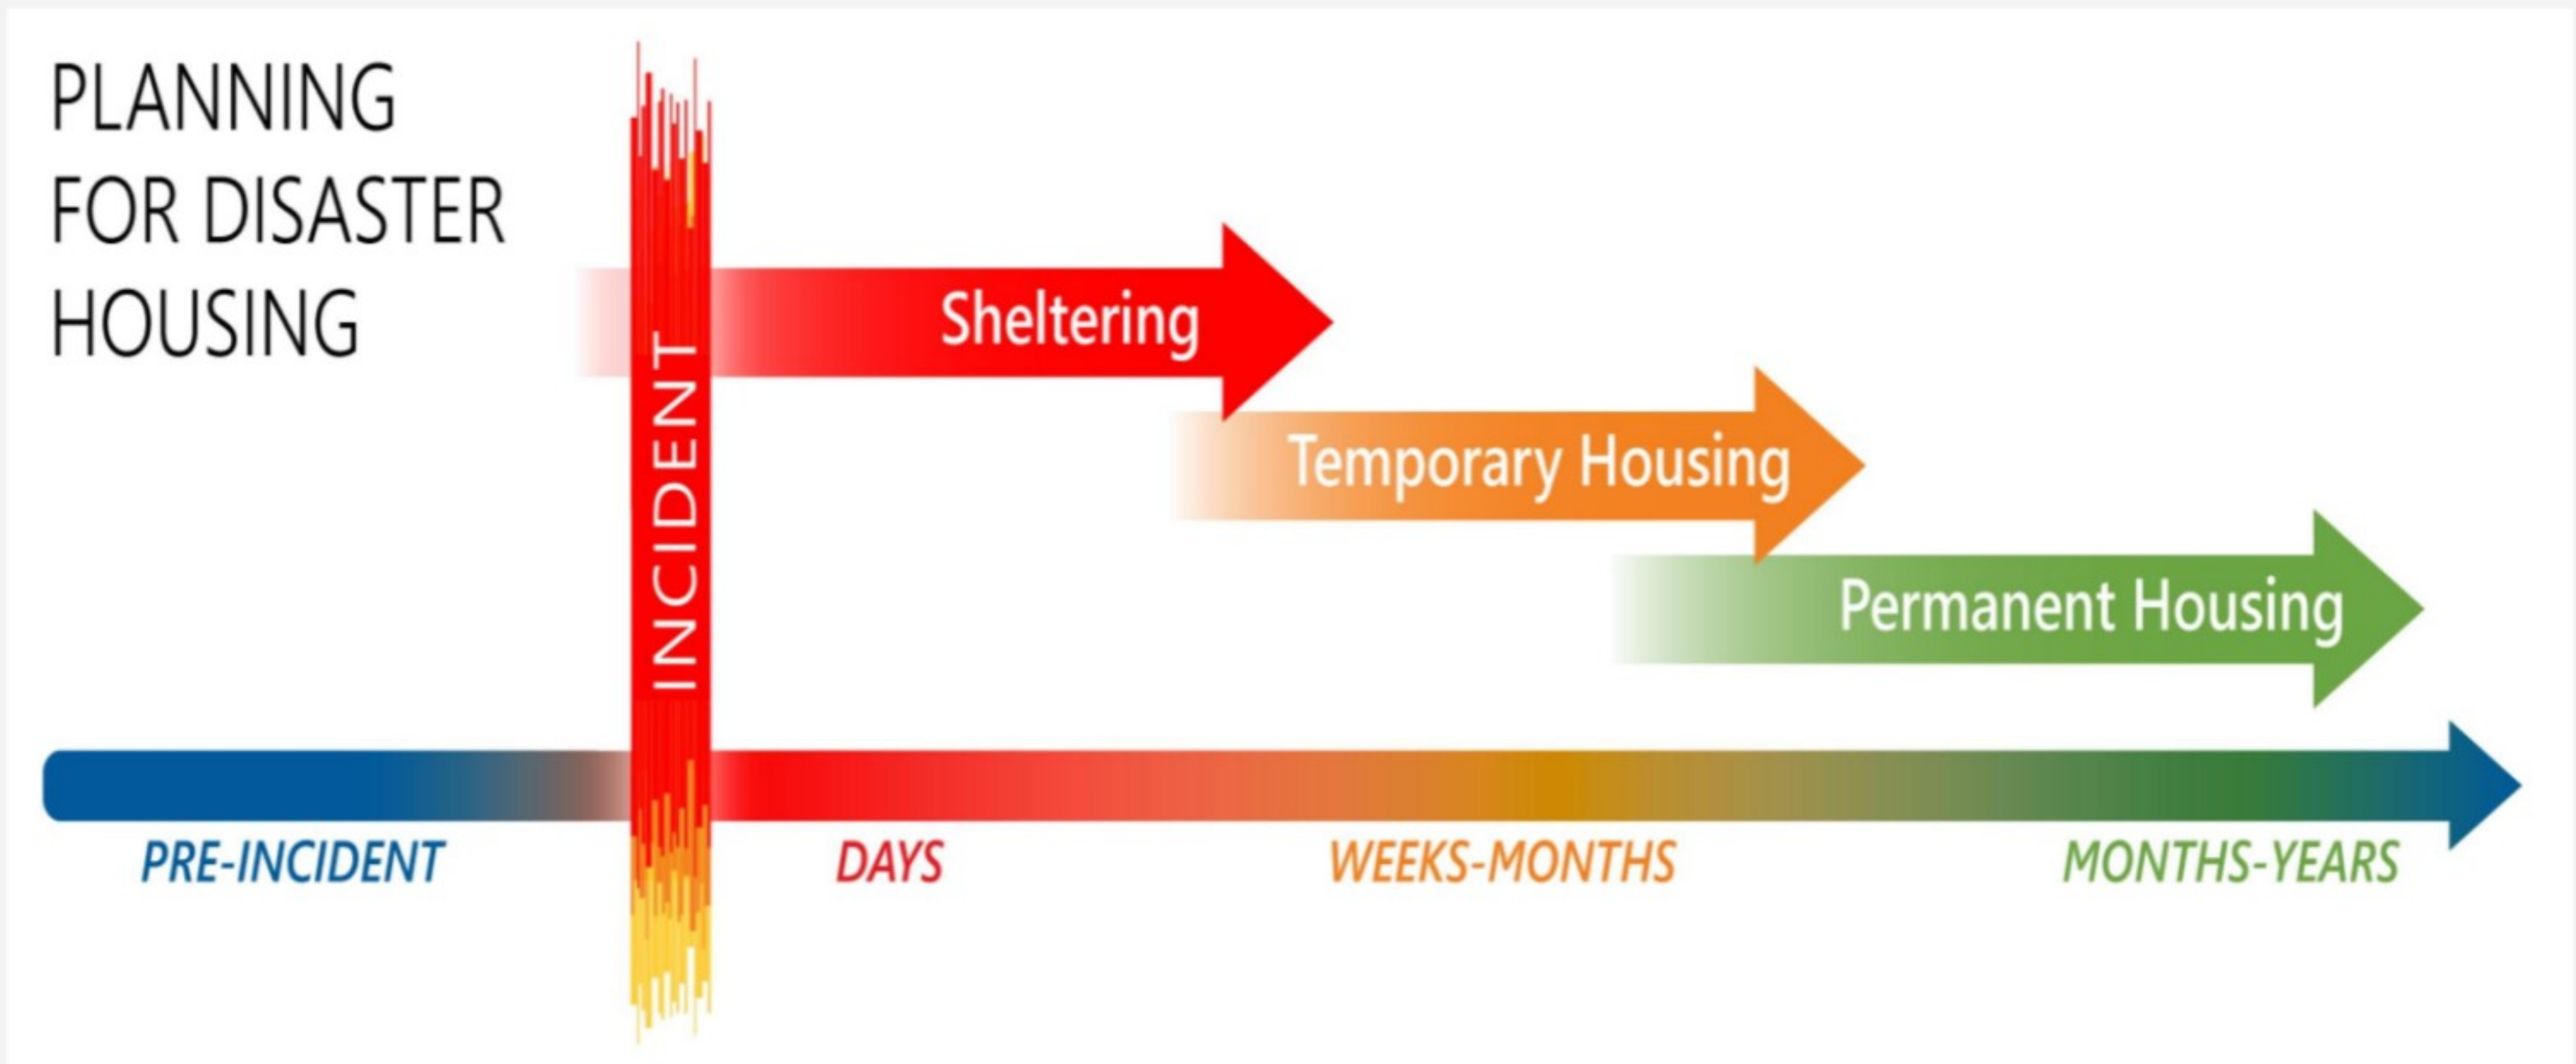

What are the major challenges for disaster housing recovery at the local level?

Disaster Housing Recovery

Housing Recovery Timeline

Disaster Housing Recovery
