

SUMMARY

Illicit Discharge Detection and Elimination Task Force

Thursday, July 10, 2014

9:30 a.m., Tejas Room

Welcome and Introductions

Action and Discussion Items

1. Summary from last meeting

The meeting summary from the April 3, 2014 meeting was accepted as written.

2. Contact clearing house demonstration

The online IDDE contact clearing house was shown. The web page is tied directly to one of NCTCOG's SQL servers and is updated and backed up automatically. The page is not 'findable' with search engines and will remain unlinked to any other web pages. The link will be emailed to task force members with the meeting summary. Requested changes include adding a comments section, being able to download to a PDF, and adding contacts from TxDOT, TRA, NTMWD, and UTRWD. Contacts from nonparticipants in the Regional Stormwater Program are still pending and assistance was requested from neighboring MS4s to help gather that information.

3. Review "Municipal Employee Training Resources for Recognizing and Reporting Illicit Discharges" for potential bacteria inclusion

The PowerPoint presentation was reviewed to determine if any updates were necessary to include mention of bacteria. The presentation, available online at http://www.nctcog.org/envir/SEEclean/stormwater/pubs/documents/EmployeeTraining_FINAL.pptx in addition to a related instructor's guide. No changes were proposed. A request was made to add the presentation to the IDDE page. It can be found at <http://www.nctcog.org/envir/SEEclean/stormwater/program-areas/illicit-discharge/index.asp>, directly below the Resources header and below the IDDE posters.

4. Case studies from Dallas and Mansfield

The cities of Mansfield and Dallas presented case studies from their jurisdictions. Carrollton and DFW Airport volunteered to provide case studies for the October meeting. The cities of Grand Prairie and Irving volunteered for the January meeting.

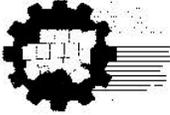

5. Industrial Inspector Workshop update

Staff reported on the still-unscheduled workshop. The City of Irving requested Frito Lay allow a mock inspection but was turned down. Denton, Carrollton, and McKinney indicated that they would expand the search for a location in their respective areas.

Roundtable / Discussion

Next meeting

The next IDDE Task Force meeting is scheduled for Thursday, October 2, 2014 at 9:30 a.m., in the Tejas Room, Third Floor, 600 Six Flags Drive, Arlington, Texas.
