

## North Central Texas Council of Governments

# SUMMARY

### **Wastewater And Treatment Education Roundtable**

Wednesday, April 27, 2016

10 a.m., William J. Pitstick Executive Board Room

NCTCOG Offices, CPII

616 Six Flags Drive, Arlington, TX 76011

#### 1. **Welcome and Introductions.**

### DISCUSSION

2. **Defend Your Drains Campaign Update.** NCTCOG staff provides a summary of work done for the regional campaign in the past few months. City of Dallas staff provides Dallas campaign updates. WATER discusses next steps for the regional campaign.

NCTCOG staff provided a recap of the work accomplished on the regional campaign, including the regional bill insert template and launch of [DefendYourDrainsNorthTexas.com](http://DefendYourDrainsNorthTexas.com). NCTCOG staff also supplied information on the assets available for the regional campaign. NCTCOG staff informed WATER of the regional working group's decision to share Dallas's social media posts and switch the URL from the Dallas site link to the regional link when necessary. Yvonne Dupre, City of Dallas, shared Dallas's February campaign performance. Yvonne also confirmed that Dallas still plans to create a pledge drive and children's webpage, but noted that their campaign focus will be on social media until the next fiscal year.

Kate Masucci, City of Plano, informed the group that Plano may create outreach related to wipes, possibly using the Wipes Block Everything images. The group then discussed new outreach materials/promotional items related to the campaign. NCTCOG staff suggested that some items may be included in the next cooperative purchase. (Staff requested that Helen Dulac, City of Dallas, share information about Dallas items.) The group also discussed the idea of creating a short demonstration video related to the proper disposal of wipes as part of the FY17 work program. One suggestion was a video demonstrating the differences in disintegration for toilet paper, paper towels, and wipes in a blender.

The group also discussed measurement of campaign impacts (specifically, lab testing of pharmaceuticals and rag weighing/identification) for both the Dallas and regional campaign. Jennifer Moore, Trinity River Authority (TRA), and Karen Menard, Upper Trinity Regional Water District (UTRWD) proposed that if regional contacts from TRA, Denton, Fort Worth, North Texas Municipal Water District, and UTRWD are willing to measure impacts via sampling, the costs of lab testing could be included in the FY17 work program. NCTCOG staff will follow up with these regional contacts.

In the coming months, NCTCOG staff will also check in with the regional working group to see how entities are using the campaign, and if there is a need for an editorial board for the website's news & video section.

3. **Grease Interceptor Inspection Training Development.** NCTCOG staff provides an update on the development of the grease interceptor inspection training.

NCTCOG staff provided a summary of the class development. The group was informed of the current procurement process and the estimated workshop cost. Staff also requested ideas for alternatives for the field session in case of inclement weather, such as case studies. The group agreed with the case study idea and did not provide any additional ideas.

4. **FY2017 Work Program Discussion.** NCTCOG staff provides suggested edits and preliminary budget for the FY2017 work program and requests input from WATER.

The group provided feedback on the comments and edits in the work program document. NCTCOG staff will make the necessary updates and provide the revised draft and proposed budget via email in the coming weeks.

#### **OTHER BUSINESS AND ROUNDTABLE DISCUSSION**

5. **Roundtable.** The group shares what is happening in their communities.

The group did not have anything to share not already covered in the previous discussions.

6. **Next Meeting Date (Tentative).** Wednesday, July 20, 2016, at 10 a.m. in the Regional Forum Room.

7. **Adjournment.**

**Wastewater and Treatment Education Roundtable**  
**10 a.m., Wednesday, April 27, 2016**  
**William J. Pitstick Executive Board Room**
