

## **Wipes Block Everything 30-second Explainer Video Script**

Think you know what happens after you flush? If you're flushing the wrong things, you may be the cause of unwanted clogs in your pipes.

Wipes and other products can block major pipes and equipment, causing backups in your home, neighborhood, or local Wastewater Treatment Plant, leading to increased costs.

Protect your pipes and put your wipes in the trash! For more information, visit [DefendYourDrainsNorthTexas.com](http://DefendYourDrainsNorthTexas.com)
